TRANSACTIONS of the ASAE

Number 1 — General Edition	GT 1-152
Number 2 — Power and Machinery Edition	PMT 153-248

(Page numbers with prefix "GT" refer to the General Edition of the Transactions of the ASAE)

(Page numbers with prefix "PMT" refer to the Power and Machinery Edition of the Transactions of the ASAE)

Published by the

AMERICAN SOCIETY OF AGRICULTURAL ENGINEERS

ST. JOSEPH, MICHIGAN

A

Abernathy, G. H.
Baling seed cotton for storage and handling ..... PMT 182

Adams, James, Jr.
V-belt design for farm machinery 348

Agricultural engineering research, Goals for 179

Agriculture concept of agricultural engineering, Total 541

Agriculture, engineering and you 347

Agriculture, New frontiers of American 411

Agriculture, Public relations in 291

Air for sows, Cooled breathing ..... GT 8

Air pollution, The automobile as a source of ..... GT 142

Airplane, Spreading dry materials by 484

All-weather farm machine cabs, Characteristics of 14

AMERICAN SOCIETY OF AGRICULTURAL ENGINEERS
ASAE participates in Paris meeting 50
ASAE council announces agricultural engineering exposition 65
ASAE now full member of EJC 106
Introducing "check points" 162
ASAE film wins blue ribbon 218
ASAE winter meeting council action 235
Agriculture, engineering and you 347
ASAE career film earns more honors 394
The ASAE in orbit 601

Analysis and application of infiltrometer tests ..... GT 75

Animal shelters, Evaporative cooling of 426

Apple, James W.
Control of soil insects with granular insecticides ..... PMT 175

Approaches to soil compaction research ..... PMT 246

Asselbergs, A. E.
Infrared radiation meter 30

Automatic machinery, Role of feedback in 420

Automobile as a source of air pollution, The ..... GT 142

Availability of solar energy 302

AWARDS OF HONOR
John Deere Medal, Virgil Overholt 367
Cyrus Hall McCormick Medal, J. R. Orelind 366
MBMA Award, J. S. Boyd 367

Axially-flexible screw conveyor, Design considerations and operating characteristics of an ..... PMT 155

B

Background of the ASAE three-point hitch standard ..... GT 1

Bagley, Jay M.
Graphical determination of the most economical pipe size 550

Baker, J. A.
Requirements for disease-free swine production ..... GT 135

Baling seed cotton for storage and handling ..... PMT 182

Barnes, K. K.
Influence of speed on elements of draft of a tillage tool ..... GT 55

Beach and sand dune erosion control ..... GT 122

Beal, G. M.
Use and purchase patterns of agricultural chemicals ..... PMT 179

Beasley, Robert P.
Critical tractive forces in cohesive soils 26

Becker, C. F.
Availability of solar energy 302

Beckett, F. E.
Predicting pole stability with models 680

Bedding soils, Response of corn yields to 618

Bedford, R.
Infrared radiation meter 30

Beer, C. E.
Response of corn yields to bedding soils 618

Bekker, M. G.
Soil compaction: agronomic and engineering approaches (a symposium) ..... PMT 231

Bellinger, P. L.
Energy requirements for forming hay pellets
Part I 180
Part II 244

Belt design for farm machinery, V- 348

Benz, L. C.
Jetting equipment and techniques in a drainage and salinity study ..... PMT 222

Beyer, Glenn H.
Housing and personal values — urban and rural families ..... GT 28

Bianchi, W. C.
Positive water-level control in consumptive-use studies ..... GT 126

Bibliography, Farm power and machinery management ..... PMT 160

Bohlen, J. M.
Use and purchase patterns of agricultural chemicals ..... PMT 179

Bond, T. E.
Use of models in thermal studies of livestock housing ..... GT 45

Booster, D. E.
Seed cleaning by electrostatic separation 22

Bourget, S. J.
Effect of tractor traffic on crop yields and soil density 554

Bouyoucos, George J.
Soil moisture measurement improved 136

Bowen, Henry D.
Parallel thermocouple circuits in agricultural engineering applications ..... GT 58
Influence of crab grass on the quality of mechanically harvested cotton ..... PMT 210

Boyd, J. S.
Availability of solar energy 302

Brakensiek, D. L.
Analysis and application of infiltrometer tests ..... GT 75

Brandenburg, N. R.
Seed cleaning by electrostatic separation 22

Broiler housing, Engineering in 616

Brooker, D. B.
Pressure patterns in grain-drying systems established by numerical methods ..... GT 72

Brooks, F. A.
Frost protection by wind machines and heaters ..... PMT 192

Buchele, W. F.
Effect of soil compaction on seedling emergence under simulated field conditions 68
Influence of soil granule size and compaction on rate of soil drying and emergence of corn ..... PMT 170
A power sampler of undisturbed soils ..... PMT 185

Buildings, Rigidity of end walls and cladding on pole 188

Buras, Nathan
Cost of reclamation and development of some saline lands ..... GT 105
Optimum irrigated practice under conditions of deficient water supply ..... GT 131

Butler, Elwin D.
Land leveling in the Arkansas delta 128

By-pass furrow infiltrometer, A ..... GT 15

C

CA storage, Critical unit operations in 76

Cabs, Characteristics of all-weather farm machine 14

Capacity of enclosed screw conveyors handling granular materials (Part II) ..... GT 97

Carlson, C. W.
Evapotranspiration as affected by moisture level, nitrogen fertilization, and harvest method ..... GT 41
Jetting equipment and techniques in a drainage and salinity study ..... PMT 222

Carlson, Ernest C.
Plows and computers 292

Carreker, John R.
The ASAE in orbit 601

Casselman, T. W.
Corn topping prior to harvest 542

Cegnar, Arrigo
Movements under the contact area of radial and conventional tires ..... PMT 224

Characteristics of all-weather farm machine cabs 14

CHECK POINTS
Ants or grasshoppers 198
Where credit is due 270
Quo vadis? 320
A year of progress 380
How about your future? 446
Technical coordinator, The 510
All roads lead to — 557
Half a million a month 646
Reaching out 708

Chemical scrubbers for controlling poultry house atmospheres ..... GT 18

Chemicals, Use and purchase patterns of agricultural ..... PMT 179

Chen, T. F.
Measuring water surface disturbances 192

Christiansen, J. E.
Water resource development in Mediterranean countries 494

Clay soil, Strength and energy relations of a dynamically loaded ..... GT 31

Clayton, J. T.
Chemical scrubbers for controlling poultry house atmospheres ..... GT 18

Clyde, Arthur W.
Force measurements applied to tillage tools ..... PMT 153

Cohen, R.
The dynamic behavior of farm tractors ..... PMT 215

Cohesive soils, Critical tractive forces in 26

Compaction (see Soil Compaction)

Compaction on rate of soil drying and emergence of corn, Influence of soil granule size and ..... PMT 170

Compaction on seedling emergence under simulated field conditions, Effect of soil 68

Computers, Plows and 292

Conduction heating, Drying shelled corn by 186

Conservation, Plastics in soil and water
Part I 182
Part II 248

Constant-temperature tanks for studying soil-borne diseases ..... GT 24

Construction in the USSR, Housing and 132

Control of soil insects with granular insecticides ..... PMT 175

Cooled breathing air for sows ..... GT 8

Cooling for livestock shelters, Solar-power 612

Cooling of animal shelters, Evaporative 426

Cooperative research studies of reservoir sedimentation ..... GT 85

Corn by conduction heating, Drying shelled 186

Corn: its effect on infiltration and erosion, Minimum tillage for 72

Corn topping prior to harvest 542

Corn yields to bedding soils, Response of 618

Cost of reclamation and development of some saline lands ..... GT 105

Cotton for storage and handling, Baling seed ..... PMT 182

Cotton, Ginning machine-harvested ..... PMT 226

Cotton in the piedmont of Georgia, Moisture use by ..... GT 37

Cotton insect control, Effects of nozzle types and spray application methods on ..... PMT 166

Cotton quality, Interrelated effects of defoliation, weather and mechanical picking on ..... PMT 164

Crab grass on the quality of mechanically harvested cotton, Influence of ..... PMT 210

Crawford, T. V.
Frost protection by wind machines and heaters ..... PMT 192

Critical tractive forces in cohesive soils 26

Critical unit operations in CA storage 76

Crop drier, Gas turbine 82

Crop yields and soil density, Effect of tractor traffic on 554

Crow, F. R.
Reducing reservoir evaporation 240

Cutler, W. A.
Drainage system endurance in organic soils 79

Cykler, J. F.
Principles of injection soil fumigation ..... PMT 199

D

Dale, A. C.
Evaluating heat available for drying in natural air ..... GT 140

Davis, J. R.
Measuring water surface disturbances 192
Estimating rate of advance for irrigation furrows ..... GT 52

Davis, Sterling
Irrigation practices for increasing crop production and mosquito control ..... GT 21

Davis, W. M.
Implement requirements in relation to tractor design 478

DeForest, S. S.
Development of a fence erecting machine 66

DeGraff, R. P.
Measurement of shearing energy 298
Correction 553

Design considerations and operating characteristics of an axially-flexible screw conveyor ..... PMT 155

Design, Implement requirements in relation to tractor 478

Development of a fence erecting machine 66

Differential locks for farm tractors, Value of 124

Disease-free swine production, Requirements for ..... GT 135

Diseker, E. G.
Roadside sediment production and control ..... GT 62

Dobie, John B.
Materials-handling systems for hay wafering 692

Dodge, J. Robert
Housing and construction in the USSR 132

Dow, B. K.
Effect of tractor traffic on crop yields and soil density 554
Drainage and salinity study, Jetting equipment and techniques in a ..... PMT 222

Drainage design, Growth chamber for evaluating excess soil moisture conditions for ..... GT 108

Drainage pumping efficiency, Factors in 296

Drainage system endurance in organic soils 79

Drier, Gas turbine crop 82

Drop size and size distribution in pesticide sprays ..... PMT 158

Drying in natural air, Evaluating heat available for ..... GT 140

Drying shelled corn by conduction heating 186

Drying with supplemental heat, Grain 488

Dynamic behavior of farm tractors, The ..... PMT 215

E

Economic justification for livestock mechanization ..... GT 116
